

Cigarette Waste Receptacle

Parking lot

**This is a tobacco-free park**

 Shade areas represent our **NO SMOKING ZONE**. If you must smoke please do so in the parking lot or outside the park. (Outside the fence & grass area.)

The Centre Hastings Park Committee recognizes that exposure of non-smokers to environmental tobacco smoke is hazardous to health and that non-smokers should be protected.

Passive smoking can lead to serious illnesses in adults such as bronchitis, lung cancer, and cardiovascular disease. Children can also develop chest illnesses and asthma from exposure to tobacco smoke.

*Thank you*
